Reviews

It is one of the most popular pdf. It really is full of knowledge and wisdom. It has been developed in an exceptionally easy way and it is just right after I finished reading through this publication by which it really altered me, altered the way in my opinion.

A BRIEF HISTORY OF THE AMAZONS

Robinson, 2016. Paperback. Condition: New. Ancient Greek myth tells of ferocious female warriors called Amazons who lived near the Black Sea and slaughtered their male children. Could the story reflect a real matriarchal society, or perhaps a women-only religious cult? This book follows the author's quest for the evidence, not only in ancient texts and artistic depictions but also in archaeological discoveries such as the graves of Iron-Age women buried with arrows, swords and armour.
